### AWARD DAMAGES VS. PADUCAH

Paducah, Ky., Jan. 22.—The jury this morning awarded R. M. Allen \$1200 damages against the city of Paducah because the latter's pesthouse is located near his farm. At a former trial he was awarded \$2,800.

### OUR OIL CRAZE.

The report from the oil developing sections of the state are very encouraging. The money thus invested, the first half of which is capital from out of the state, will reach into the millions. The benefits already have been great, but when the developments are realized, if no more than one-tenth of the expectations, the state will receive another such a boom as it has not experienced for years, if ever before. The oil craze has certainly rebounded greatly to Kentucky's benefit.

### BILLS BEFORE THE LEGISLATURE

Requiring railroads to fence their right of way.  
To prohibit the manufacture or sale of cigarettes.  
To provide for the election of a new State House.  
To provide for assessment of lands only once in four years.  
To require lobbyists to register and pay a license.  
Making the carrying of concealed deadly weapon a felony.  
To provide a tax on dogs to protect sheep.  
To amend the homestead law so as to provide that the county shall be the unit to govern instead of the precinct or the municipality.

### PROMOTERS HERE.

SETH CURTIN AND HIS SON,  
CHARLES CURTIN IN THE

(Paducah Register.)  
Messrs. Seth and Charles Curtin, of Hickman, Ky., are in the city working up interest in the project that may finally result in organization of a big company to manufacture a composition upon which they have a patent and which displaces rubber in the articles usually manufactured with that material, such as oiled bed bags, rubber coats, shoes, hats, water bags, etc.

They have now here with them some samples of their goods that withstand all cold and heat just as does rubber articles. Many business men have been called upon, and if sufficient encouragement is received organization of the company will ultimately result in the establishment of a factory to manufacture the articles.

### "THE BEST IS THE CHEAPEST."

Not how cheap, but how good, is the question.  
The TWICE-A-WEEK REPUBLIC is not as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce and these should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC, St. Louis, Mo.

### AN IMAGE BREAKER.

There are a great many delusions that gain credence among the American people, and among intelligent people, too, that give way only to absolute proof, if they ever give way at all. Sometimes they move only to the field of controversy, and it becomes a mooted question whether they are delusions or truths. One of the notable American beliefs that has just been disputed is the theory that as a people we live under a tremendous business pressure, and that in consequence our lives are shortened by nervous strain and slight attention to health rules, especially in cities.

But Frederick L. Hoffman, the insurance statistician, has studied the matter from the cold and logical standpoint of mortality statistics, and he asserts that there is no truth in this, and that as a matter of fact this country shows greater longevity than almost any other civilized country.

## COMING IN THE INTEREST OF THE WORLDS FAIR.

1—Hon. David R. Francis, President.  
2—Hon. Charles M. Reeves, Secretary Legislative Committee.  
3—Hon. Curtis H. Spencer, Vice President.  
4—Hon. C. H. Huttig, Chairman Committee on State Exhibits.  
5—Hon. Walter B. Stevens, General Secretary.

These men are all prominent in the management of the Louisiana Purchase Exposition of 1904, and are in Frankfort this week with the party of former Kentuckians who came to interest Bluegrass law-makers in the appropriation bill now before the General Assembly for a Kentucky State building and exhibit at next year's big fair.

### A Good Recommendation.

I have noticed that the sale of Chamberlain's Stomach and Liver Tablets is almost invariably to those who have used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. "What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel listless, have no appetite or when troubled with constipation, and you are sure to be delighted with the prompt relief which they afford. For sale by Cowgill & Cowgill.

SOME time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Frederick, merchant, Annetto Bay, Jamaica, West India, Islands. The pain in the chest indicated an approaching attack of Pneumonia, which in this instance was undoubtedly averted by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by Cowgill & Cowgill.

**DOUBLE TAXATION.**  
One of the most unjust provisions in our tax laws, is that which double taxes capital by taxing both the mortgage and the property secured by the mortgage. This is not only double taxation, that directly and seriously injures the state by keeping out foreign capital and driving out home capital. We cannot tell the extent to which either expansion or contraction of the mortgage is to the interest of those most directly concerned to keep their own country; but we do know that capital is a very limited, is both to stay and will not readily go, where it is the law that it shall be doubly taxed, where its owner is forced to resort to dangerous shifts to insure justice.

**MRS. CLEVELANDS DEMOCRACY.**  
A lady who knew Mrs. Cleveland well met her at the Grand Central Station in New York, recently, fairly laden down with parcels, says the Ladies Home Journal.  
"You look like a real old-fashioned Santa Claus," she said to Mrs. Cleveland.  
"Oh, no, not quite that," was the reply, "for I have no toys in my parcels; they are filled with fruit that I am taking out to where I am staying, because they are very fond of these particular things and they can't be had out there."  
When Mrs. Cleveland left the train her friend thought that she would give pleasure to the brakeman by telling him that he had "entertained an angel unawares."  
So she said, Did you see that lady on the platform with all those parcels?  
"Yes," said he, "what of her?"  
"That's Mrs. Cleveland." The man refused to believe her. He could not believe that the wife of the ex-President, almost struggling with parcels, would be traveling alone in an ordinary day coach. Such simple democracy passed his belief.

**AN IMPORTANT BILL.**  
An important educational bill has been offered at Frankfort by Senator Byron.  
It gives the voters of each county the right to vote a school tax for the purpose of extending the school term in the rural districts. It does not affect cities of the first, second, third or fourth classes, or any district that is maintaining a graded school under the provisions of the general graded school law or any city that may be maintaining a graded school under special charter granted under the old constitution.  
The election is to be ordered by the county judge of a petition signed by a number of voters and taxpayers equal to 25 per cent. of the votes cast at the last general election. The election will have to be held at the regular November election and will be by secret ballot. The bill provides that the petition must set out the amount of tax to be voted, and that it cannot exceed 10 cents on the \$100 worth of property. It provides that the tax shall be collected by the sheriff at the same time and in the same manner that he collects state and county revenue, and that he shall pay over the tax when collected to the county superintendent, who shall use it in extending the school term, paying each teacher the same salary per month during the extended term as he has received from the state during the five months' term to be extended for the same length of time.

**PREDICTS WAR WITH GERMANY.**  
Pontney Bigelow, who manages one way or another to get a considerable amount of advertising, top of column next to reading matter, has issued another bulletin, this time to the effect that this country and Germany will soon be reaching for each other's throats. Mr. Bigelow, who was a schoolmaster of Prince Henry, who is a brother of Prince Henry, who is a son of the queen of this country, says:  
"The political influence of Prince Henry's visit is not a snap. We shall embrace him with effusion, we shall do everything that American hospitality dictates, we shall cheer him. We shall send him home with the happiest impressions of American personal life. And within six months we shall fight Germany just as easily as we fought Spain. Before the Franco-Prussian war in 1870 this Emperor's father was the honored guest of Louis Napoleon at Paris, and the personal relations were of the most friendly character."  
"But war are not made or unmade by such things as personal visits. Our official relations with the German Empire are good, but are merely on the surface. Our commercial dealings are calculated to produce friction at any time."  
"The German aristocrat realizes that America has invaded Europe for the purpose of dominating its markets and he is just ignorant and conceited enough to think he can improve things by a fight. Germany wastes no sentiment in her diplomacy. The only safe policy for America to adopt is a steady reduction of our custom house tariff, to show the world that we believe commerce should be reciprocal; that we are willing to buy as well as to sell."  
"I want to say that, despite the flattery of Prince Henry's visit it is the most important embassy since Lafayette came from France. It is the first time in history that we have been treated as equals by Germany; mark you, the first time in history. They are beginning to realize our importance. We should make a brave show of our army and navy for Prince Henry, so as to impress him with our power."

**A STATE'S RIGHT QUESTION**  
The attorneys of the states of the northwest are preparing to file their suits in the United States supreme court for the prevention of the merger of their railroads in the Northern securities company. While they do not reveal their plan of action it is indicated that they will attack the supposed power of New Jersey to create corporations for the violation of the laws of other states, and thus lead to a determination of the right of states to protect themselves from outside interference.

**WEAK EYES.**  
If only for the sake of sustaining their admiration for him as one of the heroes of the Spanish-American war the people of this country would doubtless hope that there is something serious the matter with the eyes of Captain Pearson Hobson of the American Navy.  
Captain Hobson himself contends that there is. He applied for retirement from active service on the grounds that the condition of his eyes incapacitates him. If he had been retired on this plea he would have been entitled to a salary of \$3,000 per year for the balance of his life.  
But the Naval Retiring Board has declined to grant his request. Coincidentally the statement comes from Washington that Captain Hobson wished to leave the navy in order to enter politics, having his heart set on a seat in Congress as a Representative from Alabama.  
Defective eyesight is a bad thing, of course, but weak eyes are preferable to impaired sincerity. Americans will hope and believe, despite the action of the Naval Retiring Board, that Hobson is affected with the former, not the latter, weakness. A naval officer capable of so gallant a deed as the sinking of the Merrimac in Santiago Harbor surely would not ask for retirement on a trumped-up plea in order that he might run for Congress on his hero record.

## ANNOUNCEMENTS.

### FOR CONGRESS.

We are authorized to announce SAMUEL CROSSLAND, of Graves county, as a candidate to represent the 1st Congressional District in the Lower House of the next Congress of the United States. His candidacy is subject to the action of the Democratic party.

### \$100,000 SAVED.

It is claimed that Senator Watson's bill (of this District.) will save the state \$100,000 annually, if it becomes a law. It cuts off officers fees in holding examining courts, witness fees in felony cases, etc.

### ASYLUM SENSATION.

Another sensation about the Hopkinton Asylum in the House of Representatives. The House has charged that Gov. Beckham has suppressed their original report, and hence they now print their own report and have it sent to the members of the legislature. The charges against certain Asylum officers was "salty" enough, but the charge against the Governor of the State, will provoke more talk.

### CONGRESSIONAL PRIMARY.

The tone of the papers in this District appear to favor a primary election to nominate a Democratic candidate for Congress, rather than county and district conventions. Any plan can be advanced, but the primary election plan is the fairer opportunity for obtaining the choice of the people. The fairest plan is a legal primary at the time of the regular election, but for this there is no authority.

### GOOD BYE ROOSTER.

It looks now very much like this session of our Legislature will abolish the use of party devices on our election tickets. The committee so recommends, and the sentiment of both houses is said to be so inclined by good majorities. If so, voters must hereafter vote from their own knowledge of the ticket without the "rooster," the "log cabin" or any other picture to guide them.

### SMALL SHOW.

A party of colored Kentucky politicians were in Washington this week trying to convince President Harrison that the colored Republicans of this state were almost entirely neglected as to getting any offices, whereas they represented 60,000 solid Republican voters. A "small show" they stand of getting anything beyond a few paltry positions, and a "small show" there is of their quitting the Republican party no matter how the party treats them or what a small show the Republican party in Kentucky would be without the negro vote.

### CIRCUIT COURT.

Robbins Absent and Robertson, Judge pro tem.

Monday morning the Fulton Circuit Court resumed business, the regular Judge Robbins being absent, the bar elected W. W. Robertson, as Judge pro tem for the remainder of the term.

In the Will Watson case, charged with killing Jo Truitt, Mr. Ed Thomas was elected Judge to try the case, which was entered upon, but continued to the next term because of the absence of important witnesses.

In the will case of Dr. Noble Davis pending the trial, the heirs effected a compromise by which the will was set aside, those seeking to break the will being allowed \$250 and those who sustained the will \$750 to be paid out of the estate, the law making the will for division between the heirs.

In the case of the Com. vs. Maria Haynes, charged with poisoning her aunt, after the evidence was heard, the court gave peremptory instructions for acquittal. Her previous good character helped toward her acquittal. The court adjourned Tuesday.

### SLACK, SLEETTY STRAINS.

Frost, Frigid, Frozen.

No, No, You Never Saw the Like.

Did you ever see the like? No, never in this section. Hale, sleet, snow, rain, which froze as it fell, telephone telegraph, electric wires and poles strung over the streets, trees and great limbs crushing and crashing under their icy burdens. No running vehicles, pedestrianism dangerous, trains delayed, boats won't stop, boilers "frit", roofs all leaking, the creek didn't come, the flood in bitter creek in sight, h—ll for snail was in Hickman Tuesday night. But the old Courierist, somewhat frigid and frozen, with stick and pick, climbs over the icy streets to your homes, loving and smiling, for it sees through the icy spectacles hanging on icy wires, trees and eaves, the Courier cherub with sunshine in his mouth, climbing the golden stairs of Chautauogo, the cheering music of the bright landladies is to be. And so made it be.

Mr. Tyler Beale, for several years a favorite attaché of the Courier office, leaves today for Nashville, Tenn., to attend Draugh's Business college.

## TIPTONVILLE DON'T BITE AT MR. HARRIS' RAILROAD

Tiptonville, Tenn., Jan. 28.—From all The American correspondent can gather, the railroad proposition of the Hon. J. C. Harris is meeting with cool reception by Tiptonville citizens. The reason of this, the majority of the citizens claim, is that Mr. Harris refuses to state at what point the terminals will be. There are two desirable points, Tiptonville and Ridgely, and it is claimed that when approached upon the subject Mr. Harris declares that he has not yet decided—that at all depends on the amount Tiptonville is willing to put up. He has much larger interests at Ridgely than Tiptonville, and therefore the demand of the citizens. Should the citizens respond and then the road terminate at Ridgely, they would not only be out their subscriptions, but would practically sound the death knell of business to this town. Mr. Harris is very tactful, and, so far, has not unfolded any of his plans, at least definitely.

### New Century Wonder.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from burns, scalds, cuts, bruises, contusions, ulcers and fever sores, cures eruptions, salt rheum, boils and piles cure on earth. Only 25c at Cowgill & Cowgill's Drug Store.

Mr. and Mrs. Elmer Reeves of New Madrid were here this week.

### TAX PAYER.

All persons in arrears for taxes, are respectfully notified that they can call at the Farmers & Merchants Bank in Hickman, and pay same to Mr. C. T. Bondurant, who is authorized to give receipts. J. T. Stubblefield Jan. 28, 1902. S. F. C.

Bottom farmers had as well commence now to prepare for an overcrop. Plans are being made for a number of new residences to be erected in the spring—some of them finer structures than any now in Hickman.

The closer the Legislature gets to it the harder the redistricting job appears. Sometimes a party gets punished for merely making a change.

King Alfonso, of Spain, is to be crowned on the 17th of May. Has the young man been going bareheaded all this time? He is undoubtedly to the United States for a considerable reduction in his responsibility.

Governor Taft and General Chaffee, says the Baltimore American, "should get together and arrive at a decision as to what they believe." Why? Are they not entitled to have differences of opinion? The Philippine situation must be largely a matter of judgment, or guess work. There is danger of forgetting how many of the islands there are. Exact information as to all of them cannot be had. The natives of the various sections frequently have an amiable appearance, but they are a people not disposed to "stand hitched."

There are lots of things you would advertise were free. Those same goods, if they be right and the prices also right, should stand advertising. If not, they are not worth shelf room.

The programme for the official reception of Prince Henry of Prussia in Washington and New York has been completed. This over, the Prince will be rushed around the country at a lively gait, obtaining momentarily glimpses of Chattanooga, Louisville, Indianapolis and St. Louis on his way to Chicago. As at present arranged, he is to "pass through" Louisville during the evening of March 2.

## NOTICE.

We are now engaged in taking stock, and find some goods on hand which we do not wish to carry over. We need the room for spring goods which are already beginning to come in, and we figure it that we can afford to sell these goods now at even less than cost, rather than carry them over; for the money is worth more to us than the goods. We find we have left just 20 Ladies Jackets ranging in price from \$4 to \$12.50 and 16 Misses and Childrens at from \$1.25 to 4.50. These are all this seasons goods, fresh, clean, new styles. To turn them into money quick, we offer them for the next week at 25 per cent off the price.

We also have a few garments in Ladies, Misses and Childrens, which were carried over from last season. These we offer you at just **ONE HALF** price.

In Mens and Boys overcoats, Suits and Pants, we are also making special prices to reduce the stock. \$8.50 Overcoats now \$6.75. \$10.00 Suits at \$7.50, \$2.00 Pants for \$1.50. You who have been waiting for this reduction sale, and you who wish to make big interest on your money will do well to come early and get first selections.

### TO PROTECT THE SMALL SHIPPERS.

In the annual report of the Interstate Commerce Commission, so strong an argument is made for power to compel railroads to maintain the published tariffs of freight rates that Congress cannot consistently refuse to amend the Interstate Commerce act in order to attain this end.

The relations now existing between the railroad and certain grain shippers are such that small dealers are of necessity driven out of business. They cannot compete with giant concerns whose rebates from carrying corporations in themselves amount to a profitable business. The result is that the heavy shippers are thus established in a monopoly control of the situation which is calamitous in its significance of the destruction of competition.

### S. C. & ST. L. IMPROVEMENTS

During the first part of next month ten new coaches will be received by the N. C. & St. L. from the Pullman plant. This new equipment will be fully ventilated and lighted by gas and heated by steam. The Patsch gas is to be used, and all the coaches now on the system are to be equipped with the Patsch gas system. Reservoirs are to be placed at terminals and other important points. These tanks are already established in Memphis, Atlanta and Chattanooga, and is being installed in Nashville. The Patsch gas differs from ordinary illuminating gas used in cities. It does not smoke at night. It is manufactured in several of the large cities and shipped in cylinders.

### BOUGHT DANISH ISLANDS.

The U. S. Government and the Danish Government have signed articles by which the United States buys the Danish West Indies Islands, paying therefor \$5,000,000. The trade made to be ratified by the U. S. Senate, of which there is no doubt. Judged by the immense petitions signed by the people of these islands protesting against belonging to the United States, our government has better appreciate another five million dollars to pay for sending these people who don't want to live under our flag over to Denmark, the government of their choice. This kind of buying unwilling people goes hard and comes high, but it must be according to the existing order of things.

### DOWN ABOUT FULTON.

AN OLD CHURCH SUIT FINALLY ENDS—SEVERAL DEATHS REPORTED.

Fulton, Jan. 27.—Mr. O. T. Payne, an aged citizen of East Fulton, died suddenly of heart disease at 9:15 o'clock last Friday night at the home of his son, George Payne.

Pneumonia in and around Fulton this season has proved very fatal. There has been a number of deaths in the past month from this disease. Mr. Sam Epperson, a prominent citizen of Fulton county, a few miles south of Fulton died Saturday.

The great law suit that for five years has been on the tapis between the Box and Kirkland factions of the Primitive Baptist churches all over the ownership of a little country church building in Graves county, worth perhaps \$300 has been settled in the court of appeals in favor of the Kirkland faction.

### MRS. BLANCHE REEVES

Wife of Ed E. Reeves Dead.

Mrs. Blanche Reeves, wife of our well known fellow citizen, Mr. Ed E. Reeves, died Sunday morning last, and was buried in the city cemetery. Monday morning, the Rev. C. A. Warner, minister, conducted the funeral services. The deceased was a noble, hearted woman, a member of the Methodist church, loved and highly respected by all who knew her. She leaves a number of children, an honored husband, aged mother and other relatives to mourn her loss. May our Heavenly Father guide, comfort and bless the bereaved.

### IN MEMORY OF G. S. WILSON.

Died, at the family home near Hickman, Jan. 18th 1902. Mr. G. S. Wilson, He was born Feb. 25, 1849, and was near 53 years old.

Born and raised in this community he enjoyed the highest respect of all who knew him, because of his many characteristics both of head and heart, but it was at home as husband, father, and son that his modest traits were conspicuous. Always tender, considerate, affectionate and generous. He was never too weary or worn to show by living acts his love and sympathy for those around and about him. He was a man of such culture and information as might easily have commanded position in the affairs of the world, but his loving heart relegated such ambitions because of his greater love for his immediate family and immediate circle of associates. He was a man of independent convictions, and had the courage to act on his convictions, but always with due courtesy to the convictions of others. He leaves a widow, a daughter of the late Judge Josiah Parker and a number of children to mourn his death. He leaves them the record of a good and honorable name, which in the years to come will be a much pride and comfort to them. May the God of the widow and orphan comfort and bless them in their sad bereavement.

People read advertisements for the good reason that they are directly concerned to know where to buy what they want. Also as an experienced advertiser says, "an advertisement can be made as interesting as any of the unpaid articles in a newspaper."

Of the 119 counties in Kentucky eighty-four receive more money from the State than they pay into the treasury, while only thirty-five pay a net revenue to the State.

Mr. T. T. Dwyer was shot at the Hickman race track, last week, by a bullet from his own gun, which he had fired at a horse.

A man named W. C. Grimes, of Besse, Tenn., was brutally assaulted by thugs in Cairo, last week, and is expected to die.

The weather Tuesday night played havoc with the telephone wires—probably new wires will have to be put up all over town.

Carl Stanley and Miss Cora Bradley, Will Hubbard and Miss Kathie Wright attended the ball at Hickman Tuesday night—Columbus Critic.

Dr. S. K. Davidson is in Nashville this week, and will be absent about ten days. He is taking a special course in some special dental work.

Miss Jennie Shuck, 16 or 17 years of age, a bright and promising young daughter of Capt. W. A. Shuck, died, at her father's home, near Jordan, Monday, the 27th.

A resolution was passed at Frankfort asking the national congress to enact a law prohibiting the issue of whiskey licenses to districts where local option exists.

If there is a tin roof, metal roof, shingle roof, or any other kind of a roof in Hickman, that didn't leak more or less after Tuesday night's blizzard and freeze up, please report it.

The night crew on the transfer St. Louis has been abandoned, the day crew performing all the service between Hickman and Hickman—Columbus Critic.

General Miles denies that he is, or will be a candidate for President. And says Admiral Schley, of the Hill of New York and Harrison of Illinois, will do the Democrats very well.

The blizzard Tuesday night so crippled the electric wires that Hickman was in total darkness Wednesday night and will probably remain so for several nights, or until the wires can be repaired.

The Legislature will make no changes in the Representative and Senatorial Districts in West Kentucky. However, Fulton, Hickman, Carlisle and Ballard, will constitute our new Judicial District.

The Clinton Democrat strongly denounces both for itself and W. R. Andrews, of Union City, that gentleman has secured editorial control of the paper. Such a report had its origin in the Union City papers some time ago.

The work of building a new railroad from Paducah to Cairo is to be commenced right away. The right of way has been secured, and the money arranged for. The promoters will build their own line at Cairo and operate a transfer boat.

Dr. Charles Curdin, of Hickman, has sold his patent for the manufacture of inflatable and water-proof articles, &c., to a Paducah company for \$20,000 cash and remains a stockholder in the organization, says the Paducah News-Democrat of the 27th.

Populism has almost disappeared from Congress, but there are seven State Legislatures which have Populist members. The Kansas and Colorado Legislatures are the only ones in which they cut much figure, and they do control there. Indeed, there seems not to be enough of them to be of much account to the Republican management.

Several people desiring to locate in Hickman called at the Courier office this week saying that it was impossible to rent dwelling houses. Now is the time for some of you home renters to take stock in the Building & Loan Association, and utilize your monthly rents towards buying a home.

Ex-Gov. W. O. Bradley and a distinguished party of public men, among them Hon. Perry Heath, formerly 1st Asst. P. M. General, will arrive in Hickman, Feb. 19th, for an extended duck hunt on Redfoot Lake. They will be the guests of post master James T. Stephens.

That was a nice compliment Senator Worthington. (Republican) paid to Miss Pauline Hardin, the Democratic nominee for State Librarian, when he moved to make her election unanimous. He didn't like her politics, but did like the courteous and competent way she had discharged the duties of the position her former term.

## REMARKABLE CURE FOR COUP.

## A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, South Dakota, and when I got home with it the poor baby could hardly breathe. I gave the medicine every 10 minutes until he "threw up" and then I thought he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of good medicine, my boy would not be on earth to day.—Joel Demont, Inwood, Iowa. For sale by Cowgill & Cowgill.
